# Your Subscription Has Expired

Unless you renewed same since February 1, 1914. All subscriptions in response to printed circular sent out early in the fall of 1913 have now expired, unless same was sent in after the above date or you have become a life subscriber. All expirations will be promptly discontinued, in compliance with postal regulations.

## WHY SHOULD I RENEW?

Because present indications are that 65 per cent of the total membership of the fraternity are planning to go to the expositions on the Pacific Coast this year. Because it is planned to care for all Phi Alpha Deltas, active and alumni, delegates or members, at the Fair. Because the chapters in the different sections of the country are arranging special trains for Phi Alpha Deltas with reduced fares and especial accommodations to San Francisco for convention time. Because it will be to your interest to get in on these plans. Because the QUARTERLY is the only means of communication to you the plans of these several arrangements. And lastly, simply because you're a  $\Phi A \Delta$ . SIT DOWN AND SEND in your subscription for the current year at \$1.25 payable to Oscar W. Ho-berg, Editor-in-chief, and address your letter to Peru, Ill. Why not be a life subscriber at \$10.00 and get all the Fraternity's publications all the time. Chris. Whalen and the other boys have.

**"FILE YOUR PAPERS IN BAND-  
LESS DOCUMENT ENVELOPES"**

A heavy, strong manila paper envelope, expands to 2 and 4 inches. No bands, tapes, strings, or hooks to keep it closed. You close them with metal devices that are in out of the way. Send today for samples and booklet telling you all about the new modern up-to-date kind.

Open February 20 to December 4

It's the world in a city. Of course you intend to see it and we are anxious to help you plan your trip to include the best of the West without incurring any unnecessary expense. The hotels have pledged no advance in rates, and very low railroad fares are in effect now. Be sure your Exposition ticket is routed

## Union Pacific Southern Pacific

Then you can visit the Panama-California Exposition at San Diego (open every day during 1915) without paying any additional railroad fare. Write today for illustrated guide book, "California and the Expositions" and "Map of San Francisco"—they tell about California sight seeing trips, hotel and restaurant rates, and other information necessary to definitely estimate the probable expenses.

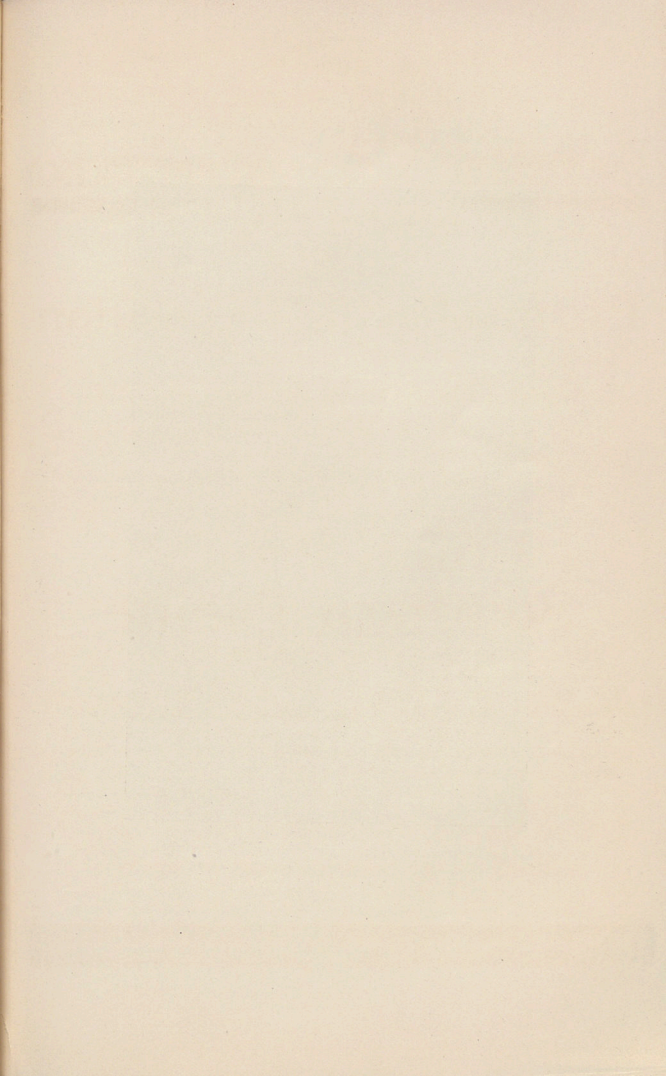

This route is 273 miles shorter and makes from eleven to twenty-eight hours faster time than any other line Chicago to San Francisco. Protected by automatic electric block safety signals all the way, and double tracked over three-fifths of the entire distance. Dining cars on all California trains obviate the necessity of leaving train to eat, and it costs nothing extra to visit Denver, Colorado Springs and Salt Lake City.

## AN EPITOME OF THE FIFTEENTH CONVENTION

It was originally intended by the Supreme Board to print verbatim the entire report of the last convention. However, the report is not only voluminous, but containing as it does, expressions which are essentially matters of purely fraternity concern, it was deemed best not to make the verbatim report public through the pages of the *QUARTERLY*. The following epitome has been carefully compiled from this report and, it is believed, will be found adequate for all practical purposes by both active and alumni members. Detailed information may be obtained from the Supreme Recorder's office where the verbatim report is on file.

To the brother who has attended past conventions the last held at Hotel LaSalle, Chicago, June 26 and 27, 1914, appeared as quite a contrast. The delegates compared favorable with the type of men who made up former conventions but each and every delegate participated in the deliberations of the assembly. There were leaders (such as Brothers Carmody, Hess, Jonas and O'Connor, the patriarchs of the Order), but every delegate came to the convention, it seemed, with something to offer on at least one of the many propositions he knew would be passed on by the Convention. The good of this forethought to the fraternity cannot be overestimated. Each delegate appeared to have some one thing he desired to present and was heart and soul in having it pass the Convention.

The Convention also demonstrated that the committee system is the only feasible solution of transacting the business of a convention. And even with this time-saving device there was quite observable the fact that there was not ample time to satisfactorily discuss everything that came up for consideration. The three days' convention amendment passed will no doubt remedy this in the future.

Another cumbersome method was brought to light in the handling of the credentials of delegates. Credentials were insufficient; chapters were in arrears and too many chapters left the adjustment of their accounts to the last minute, when time was valuable. To remedy this glaring error in the future an amendment was passed requiring the submission of credentials ten days prior to the Convention dates.

The greatest and most momentous action of the Convention was, as was expected, the adoption of the bi-annual convention and province amendment which goes into effect in 1916. The amendment in a condensed form was passed substantially as the Supreme Board had recommended.

While the Convention did much to facilitate the business of future conventions, and afforded financial relief for the Supreme Board to some extent in the passage of the bi-annual convention and province amendment, much of its action was uncertain and it will be difficult for the Supreme Board to apply the newly made regulations this year. Much was left to the discretion of the incoming Board but not enough details were given to enable the Board to exactly understand what was meant or expected of it in these new matters. It may be that the idea was, as the time was limited, to merely bring the matters up in some form or other so that they would be recorded and could be properly taken up at greater length at the next and future conventions.

The officers' reports in some manner or other all expressed the inadequacy of the present financial system of the fraternity. As Brother Jonas (now Supreme Justice) remarked in his report as Vice-justice, "we have outgrown the framework upon which we build only yesterday." The remarks of Brother Jonas in this report are summarized and printed elsewhere in this issue and as they represent the course of endeavor for this year and the immediate needs of the Order may be profitably read by every brother.

Brother James P. Aylward, who presided as Supreme Justice, is to be complimented on the skillful and adroit manner in which he conducted the Convention, which, because of the many important matters involved, and the limited amount of time allowed for handling them, made his task the most difficult that has ever been imposed on a presiding officer.

The three new chapters, Clay, Kent and Dunbar, were each represented by a delegate. All chapters were represented save two active chapters.

To bring the delegates together informally before the convention was called a reception smoker was held at the North Side Fraternity House, 200 East Erie Street, on the Thursday evening previous, and the occasion afforded a real opportunity for the delegates to become acquainted not only with each other but Phi Alpha Delta as it is "rit" in Chicago. This was a new feature of the convention arrangements and proved so successful that it seems it should be retained.

To refresh the delegates from their convention labors an outing at Riverview Park on Friday evening was "sprung" by the Arrangements Committee. Everybody was there.

The banquet in the Red Room "with cabaret features" on Saturday evening served as a fitting climax.

#### WHAT THE CONVENTION DID

Heard the delegates' reports and approved those of the Supreme Officers.

Approved the report of Brother George E. Fink, Trustee of the 1915 Convention Fund, showing total receipts of \$1,544.70, with 24 chapters who paid neither of the two assessments and 6 chapters delinquent on the second.

Ordered that the incoming Supreme Executive Board buy and award to Brother Frank R. Hurlburt, writer of our fraternity song, a suitable trophy, in recognition of his service.

Did not decide whether or not alumni chapters were subject to the convention tax. The sense of the discussion seemed to be that as the alumni delegates would be entertained from the fund as well as the active men, that there was "a moral obligation" on their part to pay it, especially as their delegates at the thirteenth convention had voted for the tax. The discussion also brought out that some of the alumni chapters had paid the tax.

Ordered the incoming Supreme Board to prepare an amendment to the Constitution as to the time of the year for holding conventions. No certain time nor any change from the usual time was suggested but the convention appeared to want the time fixed once for all time, inasmuch as the question has always been agitated at each convention.

Passed the bi-annual convention and province division amendment, and provided for a three days' convention session. The country to be divided into three provinces with a chairman for each and the several provinces to hold conventions in the even numbered years. Bi-annual conventions to be held in the odd numbered years. Amendment goes into effect after the 1915 convention. Cost of holding province divisions to be apportioned among the chapters constituting each province equally.

Granted Magruder Chapter a two years' extension of time in the privileges it now enjoys as to pledging pre-legal men, on the recommendation of Brother George E. Frazier of Ryan Chapter, Comptroller of the University of Illinois, appointed by Supreme Justice Aylward to investigate conditions and report same to the convention with his recommendations.

Provided that prior to the sixteenth convention and each convention thereafter that the credentials of delegates shall be submitted on forms furnished by the Supreme Recorder, to be sent by registered mail to the Supreme Financial Secretary at least ten days before the opening day of the Convention. Duplicates to be retained by the delegates.

Passed by a rising vote resolutions of respect and condolence upon the deaths of seven brothers who departed during the year.

Received the favorable report of the Committee on Petitions and Charters on the petitioning body at Boston University and ordered that the petition take its usual course.

Passed a resolution congratulating Brother Jesse F. Dyer, Captain in the United States Marine Corps for his bravery shown in the line of duty at Vera Cruz.

Empowered the incoming Supreme Executive Board to make arrangements for transportation facilities to the next convention in San Francisco.

Went on record as favoring San Francisco as the place for holding the 1915 Convention, but set no date, leaving this to the discretion of the Supreme Executive Board under the Constitution.

Amended the Constitution providing for \$3.50 per capita tax after January 1, 1916, the \$1.00 increase to go to the support of the QUARTERLY. (In the meantime the magazine tax prevails.)

Rejected the resolution of the retiring Supreme Executive Board to pay only one-half of the delegates' expenses to the (fifteenth) convention.

Tendered a rising vote of thanks to the outgoing Supreme Board for their services. Brother Aylward was presented with a gavel by the other members of the retiring Supreme Board.

Elected officers for the ensuing year. (See fraternal directory, pages 2 and 3.)

Retiring Supreme Justice Aylward installed the newly elected officers. Supreme Justice elect Jonas installed Brother Aylward as a member of the Board of Tribunes. The Convention adjourned *sine die*.

## THE NEW CHAPTERS

Phi Alpha Delta emerged from the last collegiate year with three new chapters, Henry Clay Chapter at the University of Kentucky, Lexington, Ky., James Kent Chapter at the University of Idaho, Moscow, Idaho, and Ralph Oregon Dunbar Chapter at the University of Washington, Seattle, Wash. While the aim of the Fraternity is not to indiscriminately add new chapters to the roster, the state universities in the Western states have proven to be desirable fields for new chapters. The chapter at Lexington, Kentucky, it was expected would flourish from the start and reports are that it has. The chapters in Idaho and Washington caused greater concern because they were farther away from other chapters and in schools where the enrollment was smaller. However, advices from Brother Lyman P. Wilson, who is a member of the faculty of the law department of the University of Idaho, indicate that the chapter there under his guidance is fast becoming one of the staunch organizations among the fraternities there. At Seattle Brothers Nelson R. Anderson and J. Fletcher Lewis and the other  $\Phi A \Delta$  alumni practising in the City assure the Supreme officers that the new chapter is thriving.

Petitions for several new chapters are under consideration and several have already been mailed to the active chapters for their approval, but up to this writing there is no definite report to make on any of the petitioning chapters as the time for sending in the chapters' ballots has not yet expired.

## "SAN FRANCISCO--1915." GREETING

Eastern brothers will, no doubt, be surprised and somewhat amused to know that California actually celebrates Christmas, as we have no snow in our locality. For what is Christmas without snow? But that did not prevent San Francisco from preparing this year a gigantic Christmas tree, covered with the usual good things for the less fortunate children of the city. The tree was placed in the "Court of the Universe" at the Exposition grounds and half of the population entered the gates to see the fun and the Fair buildings, nearing completion.

San Franciscans love their City, and to the most casual visitor in that great Christmas crowd, this inherent love was apparent. But one must be here to know why. It cannot be expressed in words.

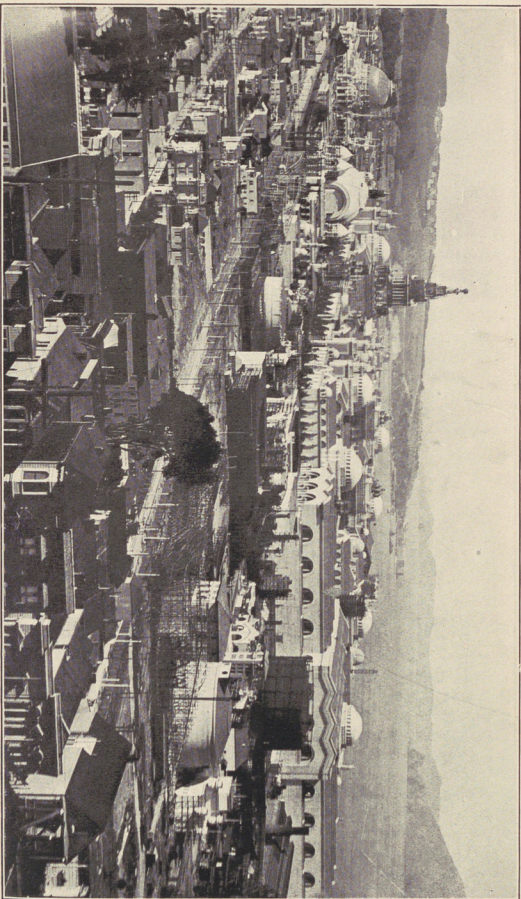

As had the writer, many of you had the good fortune of visiting the famous Chicago World's Fair in 1893, and will long remember its beauties, but Brother  $\Phi A \Delta$ , you have the biggest surprise in your career coming to you when you visit the Golden Gate in August, 1915. You will see something different, as well as feel the thrill that we feel, to appreciate in some measure as we do, the stupendous task that San Francisco has performed and which is now practically finished.

Our hills are commanding, and no panoramic view yet taken of the Exposition seems to do it justice. It is the despair of photographers. Probably you will not have to walk so many miles in traveling from building to building as was necessary at Chicago in 1893. Your eyes will not be dazzled by blinding white, as our color scheme is restful and exceedingly beautiful. However, you will hear all about this later.

Between now and next August 5, 6 and 7, 1915, no labor will be spared to acquaint you as far as possible with the reasons why you should come West for the Convention, if they are not already apparent to you.

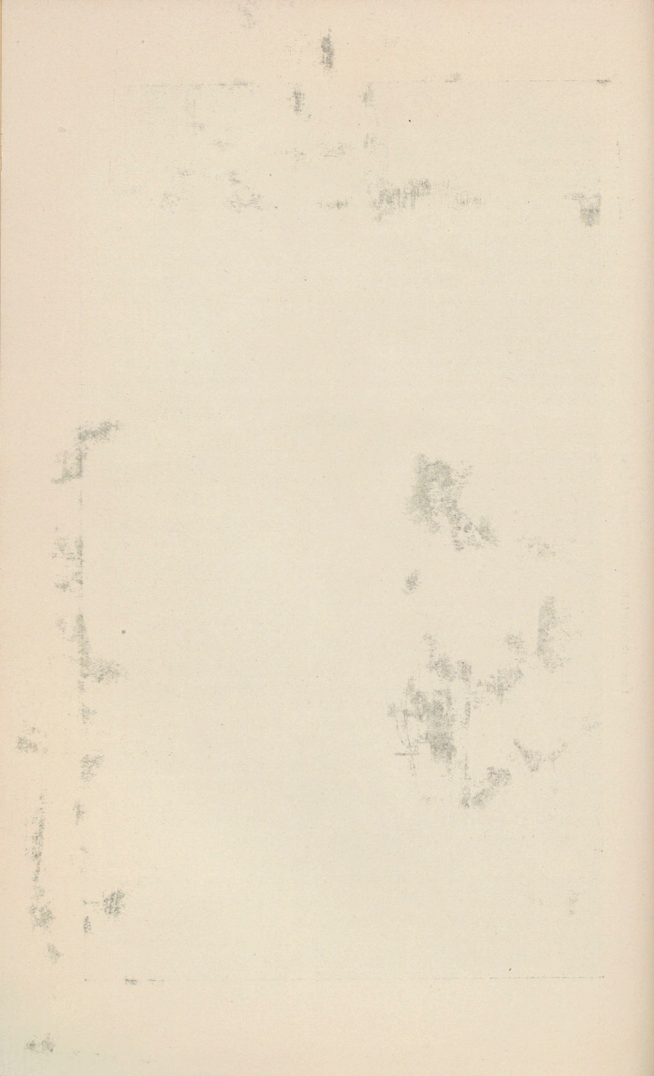

The 1915 Convention will be held either in one of the halls of the great Auditorium in the Civic Center, or in the Exposition grounds proper, at Festival Hall. At this hour the committee does not know which of the two places will be used. Hall accommodations are now reserved for at least four hundred visitors and this space may be enlarged as soon as we know the actual number that will attend the Convention. The dates determined upon, Thursday, Friday and Saturday, the 5th, 6th and 7th of August, 1915, are such as to fit into the vacation period of almost all, if not all, of our colleges, and is convenient to most of our graduate members in business.

But make your plans now. Figure upon and reserve at least two weeks for a minimum trip. You will undoubtedly want more when you see what you have in store for you, so arrange for it ahead if you can. Come in bunches and in car-loads if it can be arranged, but come anyway, from whatever place you hail, and celebrate with us the double event. Come

*Copyright of Exposition Picture

and spend a few days in our Imperial City, built like Rome upon many hills. Come and perchance you will see the "Maxfield Parrish" sky, at twilight, and one of our famous sunsets, painted in colors you have often seen upon canvas but could not believe true. See it at night resplendent with lights. Come and spend the evenings in our Bohemian restaurants and many places of amusement, and you will find that the City itself is worth the trip, even if you tire of the wonders of the Fair.

Don't miss our last annual Convention and the most sumptuous banquet you will have ever attended in Phi Alpha Delta. Don't miss the big outing. You have not had one in Phi Alpha Delta in years. It is the greatest single force which has ever operated to more securely bind our Fraternity. It recalls old college days and fellowships, and links the Past with the Present as nothing else can hope to do. It is primeval in its nature and appeals to every soul who is willing to find common ground for stronger fraternity. Get ready and plan for it. We will be here to meet you and make it worth your while.

May the jubilant New Year celebration of this splendid carefree city, now arising to my windows as these greetings go forth, be echoed so that every  $\Phi A \Delta$  may hear, and answer the long call to California.

GEORGE L. STEWART,

First Supreme Vice-justice.

## CHAPTERS RESPONDING

### JOHN HAY CHAPTER

Hay Chapter continues to enjoy a very successful year, small in numbers, but active in everything that pertains to the welfare of the Fraternity. Our total membership is now eleven men, but the initiation of a pledged man after the first of the year will bring the number up to an even dozen.

The chapter is the smallest of the three law fraternities at Western Reserve, but we are satisfied that our conservative policy has given us more than a mere numerical strength. There are not more than a hundred men in the law school, and situated as we are at the present time we do not feel the necessity of a larger chapter. None of the law fraternities at the University have houses, but all have suites of rooms on the third floor of the dormitory at 2100 Adelbert Road, Cleveland. Only three of the brothers are able to room at the fraternity quarters, but we hope to secure a house for next fall where more of the brothers may be accommodated.

At the annual initiation on November 20, the following brothers were "swung":

Howard F. Janousek, '16, Cleveland.

Rees H. Davis, '17, Caldwell, Idaho.

Wm. Donald White, '17, Steubenville, Ohio.

Willis J. Nolan, '17, Madison, Ohio.

Brother Davis received his A.B. at Oberlin College, while the other three took their academic work and degrees at Western Reserve. Brother White is the possessor of a Phi Beta Kappa key and is the brother of Phillip R. White, '07.

During the fall the chapter had a couple of luncheons down town and in addition we have an evening meeting at the rooms about once a month. These evening gatherings are very informal, a few smokes and some "eats," but they serve to keep the active men in close touch with the alumni.

The scholastic rating of the chapter is very high and we expect to have one of our seniors elected to Coif this year. Last June Carl S. Bechberger and David J. Miller were two of the four elected to Coif and they were the only law fraternity men selected.

The brothers expect to turn out a winning basketball team this winter to play Phi Delta Phi and Delta Theta Phi. Last winter we defeated Phi Delta Phi 37 to 2, and after that we weren't able to schedule any games!

The following officers for the second term have been elected:

Justice—H. H. Nye.

Vice-justice—Martin C. Krogh.

Clerk—Harry H. Yoder.

Financial Secretary—W. D. White.

Treasurer—Willis J. Nolan.

Marshal—Howard F. Janousek.

Scribe—Keith F. Lawrence.

Of the seniors of last year, David J. Miller and Lawrence King are practicing lines of business, that may be remunerative associated with the prominent firm of Schultz and Schultz, and Samuel C. Kerr has his shingle out in Steubenville, Ohio.

At the late election Cyrus Locher, '07, was reelected Prosecutor of Cuyahoga County, Ohio, by about 15,000, leading the democratic ticket. He is being prominently mentioned as a candidate for mayor of Cleveland and needless to say, if he should decide to become a candidate, he will have the hearty support of all  $\Phi A \Delta s$ . George S. Myers, '07, still finds time to act as Dance Hall Inspector of Cleveland in addition to his law practice.

Among the alumni recently married are J. Paul Thompson, '07, James L. Lind, '12, and Norman A. Boyle, ex-'15.

As Hay Chapter is located at a graduate school there are few student activities to write about in which the men are interested, but we are confident that

the chapter is in the front rank socially and scholastically, and that the fires of  $\Phi \Delta \Delta$  are kept bright.

We hope that the New Year will bring success to the brothers and the various chapters. Any out of town brothers will find a welcome awaiting them if they will drop around and see us at the address given above.

KEITH F. LAWRENCE.

### JACKSON TEMPLE CHAPTER

Jackson Temple Chapter (University of California) recently held one of the most novel initiations of any of which we have heard, even on the Coast where things are done in new ways. The ceremonies took place at the "Tavern," which is situated on the top of Mt. Tamalpais (pronounced Tam'-al-pi'-is) about twenty miles distant by railroad and ferry from San Francisco.

Mt. Tamalpais is known to all world travelers, both because of its unique setting and its distinctive view, but for the benefit of brothers who should visit our State in 1915 and who may not know of its charms, we will state that it dominates all of Marin County adjacent to the San Francisco Bay Region, overlooking the Pacific Ocean on one side and the City and Bay on the other. The panorama can only be appreciated by those who have once visited the place and spent the day and night at the top. The lower reaches of the mountain are thickly wooded with manzanitas brush and evergreen trees, and deep in one of the canyons is located the famous Muir National Park of redwood trees. The peak (2600 feet high), is ascended by one of the most crooked railways in the world. The track virtually ties a double bowknot and is nine miles in length.

The journey up was made on the afternoon of a typical California day—the hills green with new verdure and the sun bright as in the East in June. Our party reached the top just before sunset

and were treated to an unobscured view of the old Pacific Ocean, its deep blue laden with the gold and crimson of the dying sun. Few of us will forget the sight.

After the ceremony, which took place deep in the cavity of the rock beneath the "tavern," the four initiates and their enthusiastic brothers made merry over a real California banquet in one of the larger private halls, the seclusion of which was several times invaded by curious merry-making couples from the ballroom, attracted, no doubt, by echoes of the rousing good time which escaped through key holes and an occasionally opened door. Following the dinner, those who did not fall victims to the charms of the dance, promenaded the mountain walks and terraces in the brilliant moonlight.

The return trip was made just before midnight in what is known as a "gravity" car and the descent became one grand toboggan ride, with no motive power other than that furnished by a heavy grade, in and out of the canyons with their fresh odors of balsam and redwood, until we glided into the station 22 minutes later at the little village of Mill Valley.

At this banquet, definite steps were taken toward the crystallization of plans for the entertainment of our prospective visitors of the Fraternity in 1915, and it was unanimously agreed that the Exposition, while an equally inviting attraction with the Convention, should not prove the only sight for our guests, but that at least one big reunion would be held amid forest and mountain scenes, where true brotherhood and the old outing spirit of the boys would have full sway.

SAM SNEAD,  
Clerk.

### HAMMOND CHAPTER

At a recent meeting of Hammond Chapter of Phi Alpha Delta, Mr. Her-

bert F. Goodrich was voted in as an honorary member. Mr. Goodrich is at the present time, a professor in the College of Law of the State University of Iowa. He graduated in the class of 1914 from the law department of Harvard University.

### LOS ANGELES ALUMNI CHAPTER

No objection could be sustained, if any had the temerity to enter one, that  $\Phi A \Delta$  in Los Angeles is not laying a strong and proper foundation for the achievement of glorious success for the year 1914-1915. Nineteen Hundred Fifteen will find Ross and Los Angeles Alumni Chapters at the zenith of their accomplishment to date. There is no limitation, of course, on future progress, be the present ever so excellent.

Not too much can be said here regarding the affairs of Ross Chapter. We can depend on it that an interesting and instructive letter will be forthcoming from that Chapter, but a few remarks may not be amiss. The boys started with colors flying high. Their rooms, where also gather the Alumni Chapter, were retinted and decorated in the latest and most artistic manner. We understand that their record for pledges is most remarkable, in that, a large number of men, all of high caliber, have been pledged. Without reflection, it would seem that our competing fraternities must fare upon the "crumbs" brushed from a  $\Phi A \Delta$  "rushing banquet."

Now to Alumni affairs. Perhaps of first importance are our finances. They are in splendid condition and our budget bids fair to increase rapidly.

Twenty-two men ever "true to Phi Alpha Delta" are gathered to our fold as members. Twenty more men were elected at our last meeting. Their full admission to membership hinges only on their undergraduate Chapter giving them a clean bill. Letters by our secretary will be sent to the Chapter from which each man hails, inquiring as to

his eligibility. We hope for quick replies, and here is food for thought. To the Alumni, we believe that you can do much to elevate our fraternity standard by this system of investigation. To the non-alumni, let us, who know by experience, impress upon you that an Alumni Chapter affiliation is a valuable and exceedingly enjoyable one. A fine thing to look forward to! Keep your college Chapter record clean! This admonition, we feel, is probably unnecessary, but at any rate its insertion here can do no harm.

Don't be misled, however, by reason of our Alumni organization, that all  $\Phi A \Delta$ s are not welcome at our meetings and functions. We welcome, and are glad to have all and every  $\Phi A \Delta$  with us whenever possible. Whenever in this city, go out of your way, and this is to each  $\Phi A \Delta$  personally, to look us up.

The success of our men is truly distinguishing. Not one a failure.

We are inaugurating a movement to aid our brothers who need it in procuring positions in law offices, or other lines of business, that may be remunerative and beneficial to them. One of the Ross Chapter men, who has a splendid place, inquired of one of our alumni if he knew of a position where one of the younger fellows could make a few dollars a week and have a good place to study and keep up his college work. A reference was given with the result that a place was procured in the office of one of our leading attorneys.

The following men will guide us through the year 1914-1915:

Chancellor—Pascal H. Burke.

Vice-chancellor—Robert R. Russell.

Secretary—Clinton F. Secombe.

Treasurer—G. Robert Dexter.

Financial Secretary—Rex G. Hardy.

Marshal—Alfred A. McDowell.

Various committees have been appointed to attend to important branches of our activity, namely, publication, finance, entertainment, rules, etc., etc.

Ever sing or hear the national  $\Phi \Delta \Delta$  Fraternity song by Brother Frank R. Hurlbutt? It is a clincher for binding the ties of higher fraternalism. At our last meeting it was proposed that we organize a double quartette and with its leadership sing that song at the opening of all our meetings. It is indeed true that whatever may be our affiliations in other organizations, we young men of the Alumni realize that "As we fight for fame and glory on life's battlefield," "thy name Phi Alpha Delta" is "our sword and shield."

KIMPTON ELLIS,

Member of Publication Committee,  
Los Angeles Chapter.

### DUNBAR CHAPTER

Ralph O. Dunbar Chapter of Phi Alpha Delta Law Fraternity was installed at the University of Washington (located in Seattle), May 25, 1914. Brother Hoberg was unable to attend on account of the installation of the Idaho Chapter which took place on the same night. The alumni who conducted the initiation were Fletcher Lewis (Campbell), James G. Raley (Marshall), R. J. Nenables (Gunter), all of Seattle, and Fred B. Kemp (Campbell), and Paul L. Farrens (Campbell) Portland Alumni. Afterwards, a banquet was held at the Hotel Frye.

Our new chapter while small in numbers, is rich in material. Most all of the men take an active part in college affairs. Lewis M. Dawson 1914, was Treasurer of the senior class of the University and Secretary-Treasurer of the Washington Law Association. John R. Walsh, '14 (A.B. Gonzaga College), is a member of the Alpha Tau Omega Fraternity. Pierce F. Lonergan, '14, was President of the Newman Club, and will represent us at the Convention. Wallace A. MacPherson won a varsity "U" in debate. Loren A. Weatherby, '15, is a member of Theta Delta Chi Fraternity and Scabbard and Blade. Paul S. Hammer, '15, is vice-president of the junior

class and has earned a "U" as "cox" on the crew. Gus Lybecker is a member of Phi Kappa Fraternity. Edward S. Franklin, '15, was assistant editor of the University of Washington *Daily*, which has a circulation of over 3,000 copies among the faculty and students. Next year he will edit our year book known as the *Tyee*. J. Bruce MacDougall, '15, is a member of Scabbard and Blade and the Oval Club, Junior-Senior Men's Honorary Society. Charles L. Smith, '15, was Junior Representative on the Board of Control, varsity quarter back on the football team, member of A T O, Oval Club, and Fir Tree Club (Senior Men's Honor Society). While we wish to keep on friendly terms with  $\Phi \Delta \Phi$ , yet we will endeavor to give them a friendly rub in rushing men. Our graduating class from the law department numbered forty-four, so you see we ought to make it interesting for all concerned. So far, we have only pledged Max C. Walske, '16, a member of Delta Upsilon Fraternity, who was picked as an All-American crewman at Poughkeepsie last year.

Our first officers elected were:

Justice—Lewis M. Dawson.

Vice-justice—John R. Walsh.

Clerk—Gus Lybecker.

Financial Secretary—Paul S. Hammer.

Treasurer—Edward S. Franklin.

Marshal—Charles L. Smith.

Dunbar Chapter takes this opportunity to thank all our other chapters on our entrance into the fold and hope to build up such a one as will be second to none. We extend to visiting  $\Phi \Delta \Delta$ s a cordial invitation to look us up when in town.

LEWIS M. DAWSON,  
Correspondent.

### MAGRUDER CHAPTER

Magruder Chapter reports an excellent outlook for the year. Brother C. R. Patterson has been elected Justice.

On November 13, 14 and 15 the annual Illinois home-coming took place

and a number of old Magruder men were back to the chapter. The many University and Chapter activities afforded a continual round of activity and entertainment for our visiting brothers. The new house proved superior to the old quarters for accommodating them.

Professor C. E. Carpenter of the law school faculty has been made an honorary member of the Chapter. Professor Carpenter is a new member of the faculty coming from the University of South Dakota. His unusual interest in student affairs and student life has won for him the admiration not only of the Magruder boys but the law school as a whole and the Chapter feels very proud to claim him as one of its members.

#### CAPEN CHAPTER

Capen Chapter is enjoying a prosperous year and has sustained its reputation of enrolling every good man in the law department as a member.

The annual Capen home-coming was held on December 18 and 19, and a large number of the former Capen men were on hand to celebrate the occasion. Among those present was Supreme Justice, Edgar A. Jonas.

#### CAMPBELL CHAPTER

Although Campbell Chapter can not boast of the scholastic standing that it maintained last year, nevertheless we are able to say that we are not so very far in the rear. But with the caliber of men that we now have we feel assured that we may soon be able to covet the high standard that we are seeking to attain. Our slogan is "every man for Phi Alpha Delta" and every man is working heart and soul for her interest.

Phi Alpha Delta secured her share of the Wollstack men by placing four of her brothers on that honored roll: Brothers Brown, Miller, Mullendore, and Schroeder.

And of the Law Review men selected Phi Alpha Delta has three to her credit: Brothers Mohr, O'Harra, and McCash.

And it might not be amiss to mention the fact that we are represented on the Barristers by Brothers Mohr and O'Harra.

Phi Alpha Delta also has a bowling team that is worthy of mention. They by no means stand at the bottom. The bowlers are Brothers Brown, Stevens, Scott, Miller, Dieterich, and Battles. And we expect that Battles may turn the tide.

And by-the-way the junior class was represented on the squad that received their football numerals—Scott and Brown were the men.

To assist us in carrying out the good work that we have been doing, and that we expect to do, Phi Alpha Delta is the proud possessors of the following new members: Brothers Hewitt, Battles, Brown, and McDonald. And our initiatee is "Dutch" Dieterich, so called because of his Irish name.

Our social indulgences have been up to the standard of past years. At the present there are seven or eight men making preparation for the Junior Hop and Phi Alpha Delta will have a booth at the Hop, and will also give a house party for the out-of-town guests.

And true to her determinations of last year the chapter is still putting forth every effort to foster the building of a new house.

As soon as the money market opens up we feel assured that with the assistance of our alumni the new house will be a thing of reality. But to the alumni we make an appeal for financial support for that is what we are in most need of.

The National Convention which is to be held at San Francisco is receiving no little attention. Various suggestions have already been made as to what our delegates will be instructed to carry out at this Convention.

To close, Campbell Chapter extends greetings and good wishes for a banner year to all the chapters and the fraternity at large.

WM. WALTER WHEATLEY,  
Corresponding Secretary.

### TAFT CHAPTER

Taft Chapter started this year with twenty active members, eleven brothers having graduated in 1914. The following brothers were initiated during the month of December. Bert Emerson, of Washington, D. C.; J. W. Cannon, of Youngstown, Ohio; C. R. Hardy, of Washington, D. C.; E. L. Mullins.

We have received good news from several of our alumni. It is a great pleasure to us to announce that Brother Sidney E. Mudd, one of our charter members, was recently elected to Congress from Maryland. He was formerly Assistant District Attorney in this city. Brothers Whalen and Canney have recently opened up a law office in Dayton, Ohio, and we wish them the greatest of success in their practice of the law. Brother Charles Wright has entered a large law firm in Chicago.

Brother Beacon was successful in passing the bar examination in Iowa

and Brother Williams in South Carolina.

Brothers Huges and Stohlman have been appointed Associate Editors for the Domesday Booke for 1915—the book of the graduating class.

Brother Tormey, who is one of the stars on the Georgetown University basketball quint, has been elected captain of the Varsity baseball team for 1915. We are well represented on the Varsity basketball team with Brothers Tormey, Scott, Valk, and Tuchy.

We have held several dances and smokers lately which were well attended.

The officers for the present year are:

Justice, Harold F. Beacom.

Vice-justice, Ashton H. Williams, Jr.

Clerk, Winfield H. Scott.

Financial Secretary, Alfred W. Shepherd.

Treasurer, George P. Huges.

Marshal, Joseph A. Bailey.

We recently had the pleasure of a visit of brothers from the Calhoun, Jefferson and Webster Chapters.

Taft Chapter extends an invitation to all brothers to visit us when they are in Washington and they can be assured of a cordial welcome.

LOUIS H. GRIEB,

Correspondent.

## EDITORIALY

### NOTICE TO CHAPTER CORRESPONDENTS

Chapter correspondents will please take notice that all copy for the next issue of the *QUARTERLY* is due in the hands of the Editor-in-Chief by April 10, 1915. Only two issues will appear before the San Francisco Convention, namely, this one and that in May, 1915. Correspondents will confer a great favor on the Editor's office by making note of this date and not writing repeatedly for advice as to when copy for the next issue is due. Address articles to the editor-in-chief at Peru, Illinois, and not to the publishers.

### NOTICE TO CHAPTERS

The per capita tax is now due and payable. The last meeting of the Supreme Board brought to light the fact that nearly every chapter in the Order was delinquent on some item to the Treasury. It is imperative to the administration of the Fraternity's affairs that the chapters meet these obligations promptly. The address of the Supreme Financial Secretary to whom remittances should be made is "Charles B. Adams, Waterbury, Vermont." Do not send money to the Supreme Treasurer. The convention tax may be paid direct to George E. Fink, Chamber of Commerce Building, Chicago, Illinois. The Board will enforce the regulations and penalties relating to delinquencies rigorously this year, as the increased expense attendant upon holding the Convention on the Pacific Coast requires it.

### GOOD-BYE TO CHRIS. WHALEN

Chicago has lost Chris. Whalen, who early last November betook himself to Kansas City, Missouri. And it was a sad farewell that Chicago  $\Phi A \Delta$ 's bid him. The reason for all this is that Chris. has been one of the hardest workers for Phi Alpha Delta that Chicago has ever enrolled. Not alone that but he had a habit of cheerfully contributing real money to fraternity occasions and to the joint chapter house in Chicago that more than once saved the day. May all good things come to him in his new location, and we trust the  $\Phi A \Delta$ 's in Kansas City will drop into his office in the Keith and Perry Building, and let him know that Phi Alpha Delta is not yet willing to lose his efforts in her behalf.

### SUPREME EXECUTIVE BOARD MEETING

On December 27, 1914 the Supreme Executive Board of the Fraternity convened at Chicago. The financial officers' reports showed that a great wave of delinquency has swept over the Order. While the great uneasiness in commercial circles may have some effect it is believed the real cause is not a shortage of money in the respective chapter treasuries but merely procrastination in remitting. Aside from setting

August 5, 6 and 7 as the San Francisco convention dates, the matter of transportation rates by special train out of Chicago was considered, and with recommendations referred to the committee which has charge of this detail. Other arrangements were tentatively decided on. The May issue of the *QUARTERLY* will give authentically all the details pertaining to the different stops which will be made, fares, accommodations, etc. Brother Tillotson was appointed to investigate the matter of awarding a trophy for the writing of the fraternity song by Brother Hurlburt. All the honorary members proposed by chapters received the favorable vote of the Supreme Board. Brother Roads, as Supreme Recorder submitted a copy of the re-drafted Constitution containing the amendments of the last convention. These will be printed as soon as practicable. After the transaction of routine matters the Board adjourned.

**SONGS AND MUSIC OF PHI ALPHA DELTA**

During the past two years an occasional letter has come to the office of the Editor-in-Chief inquiring about the songs and music of the Order. Some of the letters mention parts of the song and taken collectively these letters indicate that there are several fraternity songs, aside from the official one by Brother Hurlburt, that have been written. It is probable that some of them were sung only by one chapter. The movement on foot to provide a fund to reward the composers of such songs is a worthy one. For the information of the Supreme Executive Board they will be pleased to receive from brothers any information concerning these several songs and how or where they can be procured. The only musical composition this office has ever learned of is "The Phi Alpha Delta March," dedicated to the Fraternity by Brother Jesse Darden, now deceased. Magruder Chapter has several copies of this march in its archives, as well as on the piano, and the various older brothers of that chapter have copies.

**WE RISE AGAIN** The editorial ink has about dried up since there was last occasion to use it for these effusions. There has been an unusually long interval of quiescence even for the *QUARTERLY*. The *QUARTERLY* has been tried and found guilty of habitual apologizing more than once or twice. As one brother intimates he fears it may some day become a repository for nothing but apologies in its endeavor to catch up with its misgivings and short-comings. But the *QUARTERLY* is constituted somewhat like the deacon's "one hoss shay"—it goes to pieces all at once, (though hardly as durable.) The cause of this shattering is not to be attributed to the office of the editor-in-chief or even the Supreme Board but can be traced to the ravages of a certain event (heretofore called a convention) on the coffers of the order. Twice have we brought the *QUARTERLY* through a year of regular publication and

then just as we were beginning to see light, enter the convention and our hopes were blasted. We are promised that hereafter this instrument of financial depletion will not be and that a milder and less ferocious species only will be permitted, (to be called "bi-annual convention.") And so we have replenished the editorial inkwell, again taken courage, (non-liquid) and resumed our hopes that we may yet reach the sphere where things are as they ought to be.

#### KEEPING FILES OF THE QUARTERLY

Several days ago this office received a request for several old numbers of the *QUARTERLY*, which it was unable to supply. For the information of the members with reference to back numbers we say that there are only two complete files of the *QUARTERLY* and its predecessor *Phi Alpha Delta* in existence. These files are in the possession of the editor-in-chief. One is kept for working reference and the other file is kept in a fire proof vault to insure its safe keeping. The copies in these two files will not be sold or loaned under any consideration. It took four years for the editor-in-chief to obtain these two sets and experience has proven that loaned copies rarely return. In this connection it is suggested that the historian or clerk of the various chapters be instructed to keep up a file of the *QUARTERLIES* and that it be a duty of his office to turn them over with the other papers and charges of his office when his successor is elected.

#### WRIGHT IS DOING "RIGHT" WELL

Under date of January 10, last, Brother Howard P. Wright, (Taft) formerly associate editor of the *QUARTERLY* informs us that he has been appointed Special Agent for the Department of Justice, U. S. A. in Texas. He says he is very busy but not too busy "to do any good work for old  $\Phi A \Delta$ ." Brother Wright merits this editorial compliment as his work for the *QUARTERLY* was of high order, because he is fast climbing the scale of his aspirations and because he is and always will be a stanch  $\Phi A \Delta$ . Howard's permanent address is P. O. Box 906, San Antonio, Texas.

#### A LITTLE STORY ABOUT A BIG $\Phi A \Delta$

If courage is the stuff heroes are made of a good deal of the same element must enter into the make-up of a good husband. Brother George E. Frazier, (Ryan,) is Comptroller of the University of Illinois. He earns and draws in that capacity a very lucrative salary. It so happens that Brother Frazier is betrothed to Miss Helen James, daughter of President E. J. James, of that University. President James has serious scruples against any member of the faculty or officers of the university standing in any

degree of relationship to him. And so,—(well we will not embarrass Brother Frazier.) Suffice it to say he's going to resign, in which action we all concur.

#### KEEP AFTER THAT HOUSE SITE

Supreme Justice Jonas is urging chapters to begin actual progress toward acquiring their own chapter homes. There has been plenty of time for "serious contemplation." The time is now at hand when something material should be accomplished. Begin by acquiring a site. Campbell Chapter, under the most adverse conditions, succeeded in its ambition to own its own chapter home. Let every chapter not yet in its own home act and at least acquire a suitable site during this academic year.

#### AFRICAN FRATERNALISM

The passion to be a member of something seems to be universal in the human breast. The man joins the Masons or the Odd Fellows or the Knights of Pythias or the Elks or the Woodmen or some of these numerous orders; the college youth joins the fraternity and the boy joins the gang. Dr. Arnold Schultz, in his travels in the German Congo and the South Cameroons tells of meeting with a native society which is known as the "Labi." Dr. Schultz says of this forest organization:

"The most astonishing thing connected with this society is its secret language,

understood by all members, and constituting a bond of union between natives belonging to the most diverse and often hostile tribes. A Labi member may not kill his antagonist in battle after the latter has proclaimed his membership by means of a few code words. Duku, a soldier who accompanied me, belonged to this society, and confirmed the statements of the Lau chief, adding that its members are found among the Yangheres, Bokaris, Bipalos, and Kakas, as well as among the Makas and Yebe-kolles."

# PHI ALPHA DELTA QUARTERLY

## IN MEMORIAM

*"Hallowed in our solemn reflection,  
Cherished in our deeper affection,  
Are the memories of these, our Brethren,  
Who have nodded to that final beckon."*

Brother Grover C. Peacock of Chase Chapter.

Brother Charles G. Spaulding of Corliss Chapter.

Brother Clyde F. Wildman of Hay Chapter.

Brother Harry P. Mayer of Calhoun Chapter.

Brother Frederick Lyons of Calhoun Chapter.

Brother Arthur B. Dearth of Calhoun Chapter.

Brother Frederick B. Littlefield of Hamlin Chapter.

Brother Homer W. Green of Hammond Chapter.

Brother Virgil E. D. Landon of Lawson Chapter.

Honorary Brother James Lawrence of Hay Chapter.

Judge James Lawrence of Cleveland, an honorary member of John Hay Chapter, died on July 4, 1914. His death deprived Hay of one of its most interested members, for Judge Lawrence was rarely absent from one of the Fraternity banquets or smokers. His son, Keith F. Lawrence, is an active member of Hay Chapter. The *Cleveland Leader* of July 5, said in part:

Judge James Lawrence died after three hours' illness at 3 o'clock yesterday morning at Brookside, on the crest of the Alleghenies of West Virginia.

His death, unexpected, caused expressions of deep regret among the lawyers of Cleveland, and deprived the Democratic Party of one of its most distinguished members.

He was not only on the common pleas bench, but he was the unopposed candidate at the Democratic primary for the nomination for Judge of the Court of Appeals. It is understood that Governor Cox intended to appoint him on the special committee to revise and simplify judicial procedure which will report to the next Legislature.

Judge Lawrence, who had not been entirely well since February, left Cleveland last Wednesday with Mrs. Lawrence to spend the summer in the mountains. At midnight of July 3 his family, at 1822 E. 82nd Street, received a telegram that he was seriously ill. Dr. J. P. Sawyer, 1850 E. 63rd Street, started

immediately for Brookside in response to the summons.

Mrs. Lawrence is expected to arrive here this morning with the judge's body. Arrangements for the funeral have not yet been made.

Few Cleveland men have had so brilliant a public career as was that of Judge Lawrence. As a young lawyer he was elected Attorney General of Ohio in 1883 with Governor George Hoadley heading the ticket. From 1887 to 1889 Judge Lawrence served as President of the Board of Aldermen of Cleveland.

In 1893 Mayor Robert Blee, of Cleveland, appointed him Director of Law and he held that office until 1895, starting, during his term of office, the famous lake front case, which is now pending in the Supreme Court of the United States.

This suit, which was against the Pennsylvania and other railroads, involved the title to millions of dollars worth of lake front made land. Throughout the progress of the case, which has gone all through the federal courts and the state courts, Judge Lawrence was active in presenting the city's side.

In 1902 he was elected to the common pleas bench, serving until 1909. He was defeated in 1908, but was elected in 1910, leading the judicial ticket. During his term as judge perhaps the most noted suits tried before him were the low fare street railway cases in the earlier years of the traction war.

#### Candidacy Unopposed

Judge Lawrence was urged by Mayor Baker and the Democratic committee to run this year for the Court of Appeals, and he became the unopposed candidate for the Democratic nomination at the primaries. His death not only leaves vacant a place on the common pleas bench, but one on the Democratic ticket.

The son of Congressman William Lawrence, Judge Lawrence, was born at Washington, Guernsey County, Ohio,

January 15, 1851. He was graduated at Kenyon College in 1871, and while in college he was a charter member of the revived chapter of Theta Delta Chi and was a member of the legal Fraternity of Phi Alpha Delta. He read law in the office of White & Campbell at Cambridge, Ohio, and was admitted to practice in 1873, coming to Cleveland in 1874.

For fifteen years he was a professor of law at Western Reserve University, severing his connection soon after a serious illness in 1910.

Judge Lawrence was married to Miss Jennie Porter, of Cleveland, in May, 1888. He leaves, in addition to his widow, three children, Miss Margaret Lawrence and Keith F. Lawrence, of Cleveland, and Miss Harriet Lawrence, of Ann Arbor. A brother, Attorney Albert Lawrence, 329 Society for Savings Bldg., is the only other member of the family.

The Cleveland *Plain Dealer* of July 8 said:

Marked by simplicity, the funeral for Judge James Lawrence, who died Saturday at Brookside, W. Va., was held at 4 o'clock yesterday afternoon.

At the services, held in the Lawrence residence, 1822 E. 82nd Street, were many members of the Cuyhoga County bar, the entire common pleas and municipal court benches, city and county officials. Representatives also were present from the Iris and Holyrood Masonic lodges, in which the judge held membership.

Rev. Dr. A. B. Meldrum, pastor of Old Stone Presbyterian church, conducted the services. He read selections from the Scriptures, delivered a eulogy and offered prayer. In his eulogy, Rev. Dr. Meldrum said:

"The sense of Judge Lawrence's loss is shared not only by those who are here today, but the whole city and the community. It is men of his stamp who give wealth to a city. He has contri-

buted things to the life of Cleveland which cannot perish.

"He was a man of irreproachable integrity, honor, justice. He loved righteousness and strove ever after the most exalted ideals. He believed first of all in God."

The pallbearers were Mayor Newton D. Baker, Common Pleas Judge C. J. Estep (Honorary Member of Hay Chapter), William M. Reynolds, Frederick Green, Robert W. Ney and William G. Taylor.

The body was buried at Lakeview cemetery.

#### RESOLUTIONS OF HAY CHAPTER

Whereas: The Hon. James Lawrence has been called from our associations in this life to the Greater Life Beyond, and

Whereas: At the time of his death the deceased was an highly esteemed honorary brother of John Hay Chapter of Phi Alpha Delta in good standing, and

Whereas: His sound legal judgment, his keen sense of justice, his courageous stand on the side of the right stamped him as a judge whose decisions have stood and will stand among the best legal opinions of this state and nation, and

Whereas: His uprightness, fairness and aggressiveness, both in the interests of those who sought his counsel, as well as in the proper interpretation of the law proved him an ideal exponent of the profession and officer of the courts, and

Whereas: His fine human sympathies, loyalty and congeniality placed him as a true brother to his fellow men,

Be it resolved: That John Hay Chapter and Phi Alpha Delta Law Fraternity has sustained the loss of a brother whose irreproachable character, whose preëminence as a jurist, lawyer and public official, whose fine intellectual attainments and whose friendliness and loyalty proved him an inspiring example

and true brother of the younger members of this Fraternity.

Be it resolved further: That while we are mourning our loss deeply, we extend to the bereaved family our sincerest felicitations in their sorrow.

Be it further resolved: That a copy of these resolutions be spread upon the records of John Hay Chapter, a copy sent to the sorrowing family and a copy furnished the PHI ALPHA DELTA QUARTERLY for publication.

J. H. RAINSBARGER.

H. H. NYE.

Brother Homer W. Green, of Hammond Chapter, Phi Alpha Delta, died on June 20, 1914. Only one short year had passed since he had departed from his Fraternity, his Alma Mater, and his friends. His life's work had just commenced. His success was assured. And then—like a lightning bolt from a clear sky that strikes to the ground the tall, stalwart pine, the great guider of human destiny took from us "Our Brother."

He was a man—with all that that term implies. Faithful to his friends, true to his ideals, and conscious of life's obligations. A man, who was loved and who will always be remembered by those who knew him. He was a zealous worker in Phi Alpha Delta. Ever cheer-

ful and optimistic, he, in his quiet way, stood always for the truest, the best and the noblest interests of his Fraternity.

He is gone. We cannot question the laws or justice of Providence. We must feel that somehow, somehow, somewhere, there is adequate compensation for the personal loss and sorrow we feel. Brother Green will best be remembered as a man among men, quiet, sympathetic, and honorable, one whose life will be a lasting example to his brothers, ever helping them toward higher and better things.

Brother Virgil E. D. Landon of Lawson Chapter, a graduate of the University of Missouri, 1911, died on May 13, 1914, in Kansas City, Mo., after an illness of seven months. Interment was made at deceased's old home, Marshall, Mo., on June 16, 1914. Brother Landon was the law partner of Brother James Rogers at Sedalia, Mo., who was with him at his bedside during the few days preceding his death. Among his last words to Brother Rogers was a request that he be remembered to all the  $\Phi A \Delta s$ .

## THE AIM OF THE ADMINISTRATION

In a letter to the active chapters under date of December 12, 1914, Supreme Justice Jonas outlined the policies of the present administration. His outline is almost identical with the suggestions he made in his report as First Vice-justice at the last Convention. Some of his ideas are novel, some were adopted by the last convention and the remainder are ones that the older members of the Fraternity have often advocated.

These suggestions will be made the policies of this year's administration and are tabulated here for the Order inasmuch as details are not to be perfected, the first meeting of the Supreme Executive

Board having convened in Chicago December 27, last. A report of this session will be found on the other pages of this number.

1. To devise a scheme to increase the finances.
2. To encourage the building of fraternity houses by chapters.
3. To create a trust fund for trophies for awards for fraternity service.
4. To foster a greater bond of fraternalism between chapters in close proximity to one another.
5. To have a uniform lecture system of initiations.
6. To stimulate greater interest in the QUARTERLY.

## THE SAN FRANCISCO CONVENTION

The Supreme Executive Board has officially announced that the San Francisco Convention will be held on August 5, 6 and 7, next.

The Board made the announcement at an early date so that all members of the Order, not alone delegates, may lay their plans now, giving ample time to all to reserve these dates.

Chapters should elect their delegates as early as possible and not defer this choice until late in the school year as has been the habit heretofore, notwithstanding the constitutional provision regulating the same.

All details concerning the Convention, including the route chosen

for special train, the stops, the fare, the accommodations, the reservations, etc., will appear in the May QUARTERLY. The route now proposed is settled in the main, but several important details are still undetermined and cannot be decided upon for another month. The rate made for the Phi Alpha Delta Special will be very low in any event. The round trip rate with berth and meals en route to San Francisco from Chicago with special side trips and for return by optional route will be about \$86.00. This rate will be available to members and their wives and friends.

## IN THE GREEK WORLD

The medical fraternities are planning the organization of an Inter-medical fraternity organization.

The Order of the Coif (honorary law) held their annual Convention in Chicago, December 29, 1914.

Aesculi, a forestry organization at Ohio State, has been incorporated under the name of A Π Y fraternity. Steps are now under way for the establishment of chapters in other schools of forestry, each chapter to be named after the dominant tree in that region.—*Banta's Greek Exchange.*

The College Fraternity Reference Bureau, which as its name implies, is the repository for all data relating to the college fraternities of this country, and located at Evanston, Illinois, is publishing a Pan-Hellenic Encyclopedia, under the name of *Leading Greeks*, which will be off the press soon. The publication is edited by William C. Levere, Σ A E.

At the meeting of the Interfraternity conference, November 29, 1914 a resolution was passed disapproving of the use of all forms of alcoholic liquor in chapter houses and at fraternity banquets. The resolution was passed unanimously. The Conference also passed a resolution directing its executive committee to enter into correspondence with the several medical and legal fraternities with a view of coöperating in the formation of a Medical Interfraternity and a Legal Interfraternity.

Phi Delta Delta is the name of a national legal sorority. It is said to have chapters in the University of Southern California, the Washington, D. C. College of Law and the Chicago-Kent College of Law. There is said to be a second national legal sorority Kappa Beta Phi whose Alpha Chapter is at the Chicago-Kent College of Law.—B. T. P.

## File your Letters, Clippings, Notes, etc. VERTICALLY—in the *Weis* Letter File

Quick reference to its classified contents makes it indispensable in office or study. Built of Solid Seasoned Oak. Each of its 30-frame joints are interlocked, glued and screwed together. We recommend it, not only because its cost is low, but because it is a serviceable, practical file.

**\$13.25**

Freight Paid

See Note

Drawers on Roller Bearings and fitted with auto-locking follow blocks. These hold contents on edge—marshalled in orderly array—classified so any paper may be quickly filed or found. Holds 5000 lettersize papers in each drawer. You get all the advantages of a higher priced cabinet and we guarantee satisfaction. Handsomely finished Golden, Natural or Weathered Oak.

Also in three drawer height—\$11.25; two drawer height—\$8.00.

## *Weis* Filing Desk Keeps Your Records at Your Finger Tips

You need not leave your chair to refer to index cards, letters, notes, clippings, etc., filed in your choice of the 20 kinds of drawers we can furnish. Extensive choice to meet almost all requirements. All Solid Seasoned Oak, nicely finished. Drawers roll on roller bearings. Top 28x52. Has Slide Shelves and center drawer. You will be interested in this desk when you see the details in Catalogue "F."

**\$23.**

"Gentlemen:—That desk I bought of you last July is a splendid servant. Its built-for-the-purpose filing drawers are much better than the stick-and-bind old-style storage drawers that were part of the desk I used previously. My mail and advertising work is sixty per cent heavier than when I bought the desk and yet it gives me such assistance that I attend to all this with much less effort. Although I am ordering additional filing equipment from you, the system will have its headquarters at this desk."

Cordially, L. V. E. (Name on request)

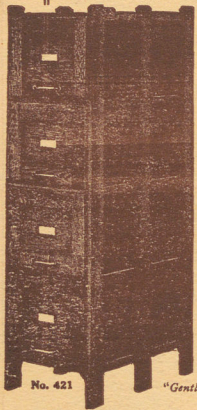

## A SERVANT AT YOUR ELBOW!

### SWINGING DESK STAND

Swings your Typewriter, Adding Machine, Reference Books, etc., in to instant use. Never in your way. Attachable to either side of any style desk. Adds one-third to your desk space. Locking Device sets or releases the stand by a twist of hanging lever. Does not vibrate or collapse. Strong Black Enamelled metal frame supports. Oak top, 14 x 18 inches. We pay Parcel Post charges.

"Gentlemen:—

"I am more than satisfied

—am delighted with the six file cases just received from your establishment. Their beautiful Golden Oak finish and general style entitle them to rank with the most expensive office furniture manufactured. I congratulate you on your success in making substantial and handsome office goods at moderate prices."

## *Weis* Expansible Bookcases

combine service and economy. The sections are independent of each other, so a section at a time full of books may be moved in any emergency. Made so they may be packed for K. D. shipment.

\$12.80 for this handsome bookcase in Solid Oak, Golden, Fumed or Weathered finish.

Omission of superfluous parts—not "cheapness"

in material or manufacture—makes the prices low.

Metal Framed Glass Doors slide horizontally in steel-lined grooves. Dust is excluded. Binding, sticking and noise are elided.

**\$12.80**

Freight Paid

See Note

**NOTE:** Freight paid on \$10.00 orders to Ry. stations in Eastern and Central States. Consistently low prices in West and South.

Helpful Booklet "Filing Suggestions" sent free with Catalog "F"—40 pages Commercial and Professional Office Devices. Catalog "H" shows two complete lines Sectional Bookcases—both kinds in Standard and Mission Designs.
