Appendix 12:

Pre-Law Chapters of Phi Alpha Delta - Charter Information

Phi Alpha Delta's Pre-Law Chapters are typically named for the college or university where they are chartered. If the school changes its name, the chapter name is likewise updated. Where multiple chapters are chartered at the same university but at different campuses, both the university and campus name are generally used. If a pre-law chapter is renamed in honor of a person and retains that name, the chapter will be listed twice alphabetically – once under the last name of the chapter namesake and once by the name of the institution where the chapter is chartered. Because of the sheer number of chartered pre-law chapters, they are listed here alphabetically by chapter name rather than charter date. To find a specific chapter when viewing electronically, it is recommended that you use the search function. It should be noted that the first chartered pre-law chapter was installed at Southwest Missouri State University NKA Missouri State University on April 24, 1981. The creation of pre-law chapters and members had been approved at the 1980 Biennial Convention.

Charter members are generally considered those members inducted at the installation of the chapter. If a member was inducted prior to the installation of the chapter (for example, by another chapter or in a virtual ceremony organized by the fraternity's Executive Office) and was affiliated with the chapter at the time of its installation, that member will generally also be considered a charter member. Please note that if a pre-law chapter member went on to be initiated as a law school member, their pre-law membership was not always tracked. As a result, charter members who went on to become law school members may not be reflected here particularly with respect to older chapters.

Where different records provide conflicting information as to the identity of charter members, the Historian has generally erred on the side of inclusion which we believe is consistent with the core values and purpose of the fraternity. Should more accurate information become available, this appendix will be updated.
